A HAPPY CHRISTMAS

The Christmas season was enjoyable to the students and staff members at Wrangell Institute. Everyone, students and staff members, joined forces in making the season a happy one. We can feel safe in saying that everyone wrapped gifts, filled stockings, decorated trees, prepared food, and did many other things that deserve comment.

Many other people contributed to the holiday mood here at the Institute. The people from the town of Wrangell, and others from thousands of miles away

Annie Alerie & Anna Williams

played a part making Christmas a happy time.

The many gifts and other items sent by parents created many happy moments for our students.

We extend our thanks. May you have a Happy New Year!!

CHRISTMAS PARTIES

On Christmas Eve we had a party. At the party we danced and we had some balloons. We had some sandwiches, a cupcake, a banana, and a cup of juice. We went Christmas shopping too.

At the dance I had lots of fun. There were two parties. Our party was in the girls' dorm. The other party was in the gym. We had a show too. At the party the boys and girls danced together. I went to see the Christmas lights too.

Frank Jones

FUN IN TOWN

Geel! We had lots of fun going to town to see the lights. We had a good party. They had a good dance in the Rec room.

Alma Agnasagga

We went to town to see the Christmas lights. I saw lots of lights in town.

Yesterday we had a dance in the girls dorm. I liked the movie it was about "Black Arrow."

Roy Painter

GOOD MANNERS

We are trying to use our manners in school. We try to not break the rules. We try not to be bad boys and girls. We try to be good everywhere we go. On the board it says "Good Citizens Use Good Manners."

Annie Alexie

IN SCHOOL

We work arithmetic and read in school. We go to the library and read too.

Bernice Zaukar

CHRISTMAS FUN

We went to town on the bus to see the Christmas lights.

We went to the movie in town too.

ROOM C

EDWARD HOFSETH

Edward Hofseth has gone to Anchorage to the hospital. He has trouble with his ears. He could not hear and he had to wear a hearing aid. He liked to draw in school and make boats. We all made Christmas cards for him when he left to go to Anchorage.

Justina Prince

On Christmas night we all got a nice big stocking. We ate the things in the movie. After the movie there were lots of nut shells on the floor.

On Tuesday night we had a dance. We played records in the girls' dorm. Mr. Sorenson twists and he did the limbo. He took the girls' and boys' pictures while they were twisting. They had balloons and popped the balloons and played games. We had bananas, sandwiches, juice and cupcakes for refreshments.

Bertha Passamika

We went to town to the show the day before Christmas and we saw all the red and blue lights. One night we went to town to see the lights again.

Christine Nelson

On Tuesday night we had a dance. We had some balloons and we had some hats too. Some didn't wear their hats and some one took their hats while they were not watching. We had some fun playing with things that looked like horns, and they sure made a lot of noise. All the strings of paper were on the floor when we danced. We threw them to the boys and they threw them back to us. The big girls went to the gym to dance and they had fun too. We heard lots of noise from the gym.

BUSY HOLIDAY

The past two weeks at the Institute have been very busy ones. With the Christmas and New Year holidays, everyone has been quite busy organizing plays, taking care of the presents that are arriving, going to movies and on light tours.

Cooking the big, fancy, meals was a very hard job for the people who work in the dining hall. But everyone thoroughly enjoyed them, and they wish to thank each and everyone of you who have helped to give us all a very Merry Christmas and a Happy New Year.

OPEN HOUSE

On Christmas day the girls and boys dorms were open for at least a half hour. Anyone who wanted, could visit the dorms.

Of course the girls thought their dorm was the best and the boys thought theirs was, but, all in all, everyone had a very nice time.

DECORATIONS

The light posts outside of the Institute were decorated with small trees which had lights on them. Also the front entrance of the school building had lights around it which gave the place a welcoming look. Inside of the dorms, the dining hall, and the gym, were medium sized Christmas trees which were very prettily decorated.

Nearly every section in the girls dorm was decorated with crepe paper and quite a few rooms had Christmas trees in them. They were pretty and each girl took pride in her share of the work in their section.

HAPPY NEW YEAR

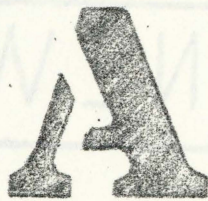

The New Year's dance and party we had here at the Institute was a big success. The Student Council worked for five hours decorating and getting the refreshments and noise makers etc. ready for the big night.

The dance started at 7:30 p.m. and ended at 12:15 a.m. As the students entered the gym, hats were passed out to them.

At 9:30 p.m. refreshments were served. There were cupcakes, sandwiches, candy, apples and punch. At 11:30 the noise makers and confetti were passed out, and at exactly 12:00 a.m., the strings of the balloon bag, which hung from the ceiling, were pulled.

The New Year was certainly greeted with an open invitation. Here's wishing everyone a very Happy New Year.

As far as I know, I don't know what my ambition is, except to continue my education. I would like to be a nurse if I ever finish high school.

Bessie Ningaulook

My ambition is to finish high school and have at least two years of college. Then I'll go training to be an airline stewardess. This is my only ambition.

Jenny Ludecker

I would like to be just what I am. I wouldn't want to be a career girl and live in a large city for anything.

Frieda Shanigan

I'd like to go home after I finish school and work in my parents restaurant in Kotzebue.

Alice Fields

I would like very much to be a Sunday school teacher and maybe by chance I'll be a volunteer nurse.

Karen Selanoff

Someday after I have graduated from high school I intend to take up special training to become an airline stewardess because I believe these kind of career girl lead an exciting life.

Shirley Bekoalok

For my future career I want to be a dental assistant. That's all, perhaps maybe a school teacher, if I don't become a dental assistant.

Susan Tabias

The only thing I want to do is to live a life in our village and fly a private plane.

LIGHT TOUR

Christmas week we went on a light tour to town. We had to go by sections. There were many beautiful Christmas lights. Many of them were outside the houses. It is very different from our hometown. We always have Christmas trees and decorations inside our houses. Outside it is dark, even spooky. Sometimes we had to carry a flashlight around when it is real dark. It is fun to stay outdoors and play at Christmas time. Old men and women carry flashlights because they can't find their way to church. I didn't feel like going home after I saw the Christmas lights in town. I wanted to see them again.

Alice Brown

SHOPPING TRIPS

Room E was about the last class to go Christmas shopping. We all had fun in town. We stayed about two hours. Mr. Heflebower took us to the dock where the Alaska Ferry was supposed to land. We were too early, but we saw it way out in the channel.

Which are false,
And which are true?
Dogfish bark, and pigeons coo,
Bats are birds,
And eels are snakes,
Perch like trees,
And loons like lakes.

Puppies Purr,
And wag their tails,
Toads have fun,
And fish have scales.
Buzzards fly,
But never awks,
Snakes have legs,

And so do hawks..

JOKE, Mrs. Heflebower: "If we breathe oxygen in the day, what do we breathe in the night?"

Innokenty: "Nitrogen."

SOCIAL STUDIES REPORTS

Room E, Mrs. Heflebower's class, has been giving reports on South America. We choose committees and choose a certain country to give a report on. There are three persons to each group because there are thirteen countries and about thirty students in our class. We make outlines of maps, exports, imports, and the main products. We tell about the population, area, and the type of people living in each country. We tell what language they speak and what their religion is. We also learn about the different types of vegetables that are grown at different altitudes.

Innokenty Lestenkof

DOG RACES

There are always dog races at winter time. There will always be dog races in November, December, and January. It is fun to watch them. Sometimes kids, men, and women, and old men have dog races. There are prizes for the ones who win. People from other villages come to watch, but some come to race their dogs. People from Kiana, Kotzebue and Selawik come to Neorvik. Last year when they had dog races, we 4-H girls sold doughnuts, coffee, cookies, ice cream, and cocoa. We made about \$280.00 just for selling these things. We would not have that much money but we had good leaders. Our leaders were Sally Jackson and Mrs. Elia Black.

BOOK REVIEWS

Kathy Korpusik

THE INVISIBLE CHIMES, by Margaret Sutton (Grosset & Dunlap): In checking the book card, I found that eight people, besides me, have read this book since September. Students having read the book in our class are Agnes Mich- and Ellen Williams.

I hope Agnes and Ellen will agree with me when I say, the book was good.

Most of the mystery stories by Margaret Sutton are written around the adventures of Judy Bolton.

I would like to read more books written by Margaret Sutton.

THE REVIEWS TO FOLLOW MAY CONCERN THEMSELVES WITH BOOKS OR THE WRITERS OF BOOKS. THEY WERE TAKEN FROM "SHARING BOOK EXPERIENCES" -- A UNIT FROM OUR LIBRARY CLASS WHERE WE TALK ABOUT BOOKS.

PILOT JACK KNIGHT, by A.M. Anderson (Wheeler): The characters in this story were Jack, James, Herbert, Mr. & Mrs. Knight, Lucile and Fred.

This is a story about the early days of flying and the pilots who gave wings to America. One of the best of these brave young men was Pilot Jack Knight. Like his flying pals, Jack Knight was always ready to do his part.

No job was too hard for him, no danger too great. Proudly he served his country proudly he wore his wings.

...Christine Thompson...

JANE ADDAMS, by Jean Brown Wagoner (Bobbs-Merrill): The story is about Jane when she was sweeping the leaves away.

Jane had three sisters. She was only five years old. She liked to sweep.

Once when she wanted to go to sleep, the wind howled in the pine trees outside her window.

I really enjoyed the story. It was so interesting.

....Irene Passamika....

THE LIVING DESERT, by Jane Werner and the staff of the Walt Disney Studio (Simon & Schuster): This book was very interesting. It was about a large, vast land that wasn't ever used before for anything.

There are animals and insects in the desert, but when we look at it, it looks like an empty land with plains and mountains.

It doesn't rain everyday there, so most of the animals have to live without water.

The turtle and other animals have their own ways of storing water.

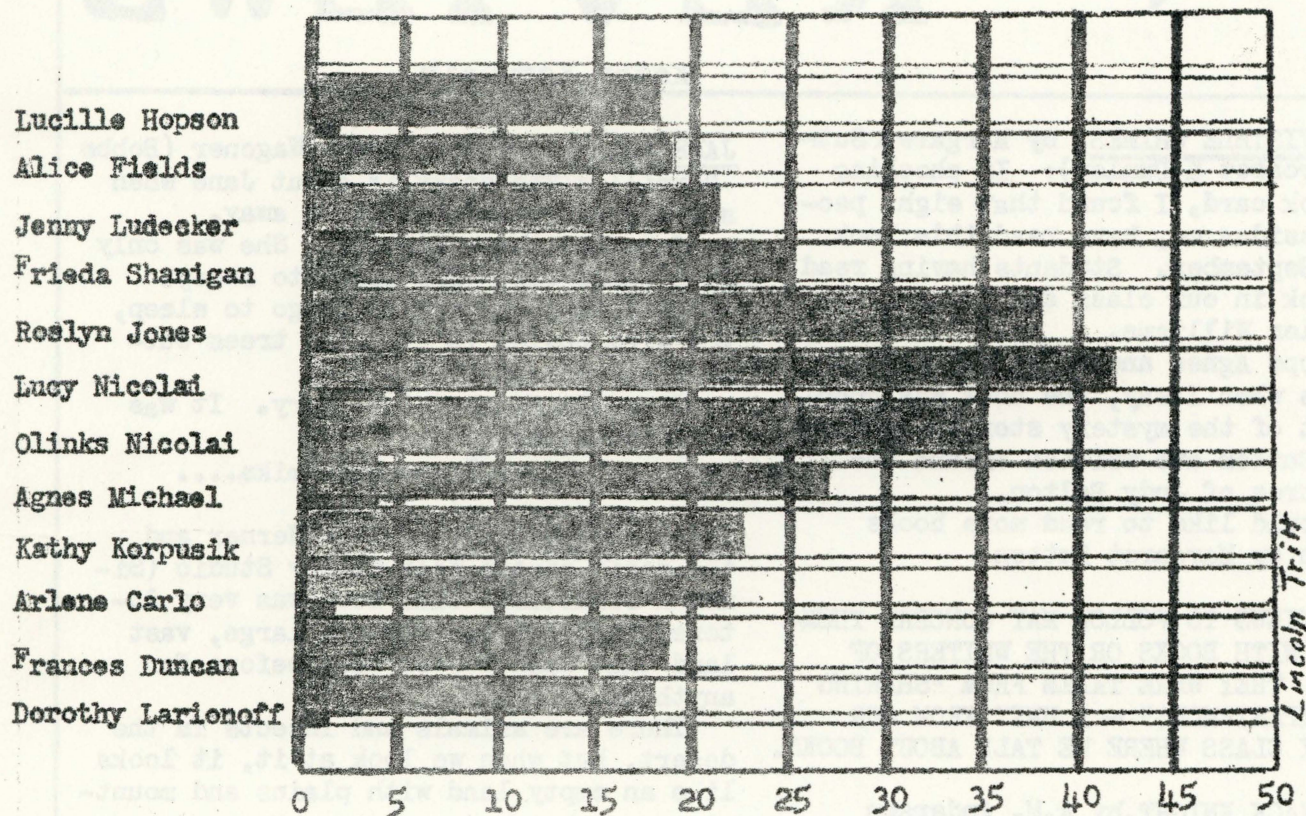

....Cyril Merculief....

PEPPERMINT POND, by Wendell Farmer (Doubleday & Co.): It wasn't a very big pond, but for the village children and their dogs it was a "super-duper-perfect" place until the day Peppermint Castle, the big boarded-up house that stood on the slope, was rented and the real estate man put up a "No Trespassing" sign...

From Pitka's Point he is, a small, lively and popular one that's him. He likes to tease but doesn't like to be teased. You'll find him all over the Institute after school wearing his favorite black and gray striped overalls. I couldn't guess what he'd make if he grows up and finished school. If all goes well you'll probably see him here at Wrangell Institute eight years from now.

WHO IS HE????????

She is from Sheldons Point and is quite popular although she is but very young lady. She's a cute one with pretty brown eyes and hair. She loves to Eskimo dance and she does it pretty good for a young child. Some times you might find her talking Eskimo to her friends. Every one knows this young lady in the girls' dorm. She is living in the North Dorm in section 20.

HOW WE SPENT CHRISTMAS AND NEW YEAR'S

FREE MOVIE IN TOWN

It all started December 24th by having Christmas caroling in the gym at 6:30 P.M. After the caroling, the girls went to their recreation room to receive their presents. The boys stayed in the gym to get theirs. Everybody sure had fun!

On December 25, Christmas Day, we had a big Christmas dinner at one o'clock. That evening we had treats at supper and a movie at 6 o'clock. The name of the movie was, "Davy Crocket."

For several evenings four sections from the boys' and girls' dorms went light touring. We saw the Christmas decorations in Wrangell.

On New Year's Eve we had a dance which lasted until after midnight. It was a real nice dance. We all had lots of fun with noisemakers, confetti, and balloons.

The next day we had a New Year's dinner at 1 o'clock. We all enjoyed another movie that evening.

Eleanor Simons

GIRLS' BASKETBALL

Mr. Brown, our basketball coach, has started a girls' basketball practice. He taught us how to chest pass, dribble the ball, make baskets, and many other things. We also did quite a few exercises such as sit-ups, toe touch, etc.

We hope someday that we will learn how to play basketball and play in front of the student body.

Blanche Jones

Teacher: We are going to have a half day of school this morning.

Students: Booray!

Teacher: And the other half this afternoon.

On December 24th we all went to town to see the movie "Kathy-Q." It was just good and fun. That night at 7 o'clock we went to the gym and sang Christmas carols. After we sang the girls returned to the Recreation Room and waited for Santa to come. He was late and we got tired of waiting for him but finally he made his appearance. We received many kinds of presents. The boys had their presents in the gym.

Next day there was open house in both dorms. The girls went to the Boys' Dorm and the boys came to the Girls' Dorm.

Some of us were homesick at Christmas, but we enjoyed our Christmas holiday just the same.

Lucy Nicolai

OLD YEAR OUT AND THE NEW YEAR IN

The Old Year is now gone and we have the New Year of 1964. On New Year's Eve we had a dance which lasted until 12:15 A.M. It was a real nice dand and everyone had a very enjoyable time.

At 9:30 we had refreshments of sandwiches, cupcake, juice, and candy. We were then ready to dance some more. About 11:30 noise-makers and confetti were given out and I tell you there was noise! At 12 midnight they let the balloons go. Then there was a mad scramble and everyone had fun popping the balloons. At 12:15 everyone was so tired that we didn't mind re-turning to the dorms. We were all very happy and tired boys and girls.

Our A squad tasted the bitter taste of defeat when they fell before the Wrangell town, known as the J.V.'s, by a score of 40-42. This was their first defeat since the beginning of the season. They have played four games and lost one!!!! High scores for that night were divided between Kookesh 224, Williams, Klanott, Jack, 4 points each and Nerten and Lakanoff both had 2 points.

FLASH!! OUR A SQUAD GETS REVENGE

Our A squad came back fighting after their first defeat to whip the town team almost by two points. They have now played 5 games and lost 1 (4 out of 5 games is a real good record.). Scores for the evening were Kookesh 14, Klanett 12, and Jack 8.

B SQUAD NEWS

Our B squad doesn't have as good a record as our A squad but they have and equal amount of fighting spirit. They have played 5 games and won 3 of them. They never give up. With Mr. Brown as their coach nobody wants to give up. The B squad has had a lot of bad breaks. They lost two of their starting 5. Dale Riley who is at Mt. Edgecumbe Hospital and Anthony Lekanof who hurt his knee could not play for a while. It is not known yet if they will be able to finish the season. Other players have moved up the starting five to take their places. It doesn't matter who is playing our Institute Eagles, they will always have spirit to finish their fight.

NEWS BY THE BOYS

So far here at Wrangell Institute everyone is having fun, since the first day we came except for some homesickness. Now the new year is here everyone is glad, because the time for going home is just around the corner. So a "Happy New Year" to everyone.

Daniel Douglas

One day we had another fire drill. We went to the back entrance. That was the day they put the new fire alarm siren on top of the boys' dorm.

Conrad Keenig

In December all the school rooms had a short program about Christmas. These were given at 10:30 A.M. at the gym. Each class planned something for about eight minutes. Every program was a good one. At the end the beginners who were dressed in pajamas and nightcaps walked up on the stage and said, "Merry Christmas."

Irvin Howard

On New Year's Eve there was a New Year's Dance for the younger students twelve years and younger. This was held in the girl's dorm. Almost all the girls and boys danced. A few of them played games. After the dance there were refreshments. Then they broke the plastic bag full of inflated balloons of many colors. Everyone who could get hold of one broke it, and made a great noise. Then the children danced a little more before they went to their dormitories.

Irvin Howard

On Christmas Eve we had our Christmas presents. We had refreshments too. Then we went to the dorm and opened our presents. After we opened our presents there was lots of paper. The trash cans were full.

NEWS BY THE GIRLS

On the night before Christmas the boys and girls here on campus were given their presents. The girls went to their recreation room where the gifts were given to them by Santa Claus from under a beautiful big Christmas tree in the center of the room. The boys received their presents in the gym. A great Christmas tree stood there, also, loaded with gifts which were distributed to the boys by Santa Claus.

The girls had presents from home and from others. Numbers of little girls got jump ropes, dolls, paint sets, little pocketbooks, and some got candy.

I am sure everyone enjoyed their presents.

Rose Prince

Christmas morning was an exciting time for most of the children. I was glad I did not get any dolls for Christmas. I had jeans, a blouse, candy, a wallet, and a necklace.

I had had a necklace some children had sent for the Institute boys and girls. Mr. Johnson asked me to decide to whom it should be given. I gave it to one of my friends, and I was really surprised when I received the same kind of a necklace as one of my Christmas presents.

Margaret Elashik

On New Year's Day we had a dinner at 1:00 o'clock and the night before on New Year's Eve we went to the dance. We had fun. The gym was decorated real pretty. We had refreshments and at the end of the dance we made balloons fly, and we popped some of them.

CHRISTMAS PROGRAM

Last month on Dec. 20, the school held their Christmas Program. Each class put on an act. Everyone did very well. Room I has been very busy the last half of Dec. On Dec. 20 we had to put on an act for the Christmas Program and Dec. 27 we had to put on our assembly program. Because of the Christmas Holiday we didn't have much time to practice but we managed to learn our parts and lines. I do think our program was a success.

One of the interesting things that happened during the Christmas Holiday is the plays that were being presented by all the classes on the 20th. It was good (to hear) the Christmas Carols and see the acting being done.

Another one of the things that happened earlier this month was when the students from town came to the Institute (to sing) carols and many other songs.

We also had open house in the girls' dorm and boys' dorm. It was fun to look in the different sections.

One of the most thrilling experiences was when a group of boys & girls went to town on a bus (to see) all the pretty Christmas lights. All over the town of Wrangell the lights were colorful and bright. It was a pretty sight to see.

MOVIE IN TOWN

On December 24th the entire student body went to town to see a Christmas movie called "Kathy O". It was an interesting movie and most of the students liked the movie. Returning to the dorm we all went to have supper. Going out we had bags of delicious goodies. After supper all the students went to the gym and sang carols. Then the girls went to their dorms while the boys remained. At 8:00 the presents were passed out to the students.

CHRISTMAS LITE TOUR

Thursday evening at 6:00 o'clock we went aboard a bus and went to town. It took us about ten minutes to reach Wrangell. In town we rode around the town. We saw very beautiful Christmas decorations. After this we rode around in town for about ten minutes. Then we headed back for the Institute. This was what I enjoyed during the Christmas week. The sections who went on the light tour were sections 13, 14, 15, and 16.

NEW YEAR'S DANCE

Boy! what a time we had that night on December 31. We danced from 7:00 to 12:15. It was the best dance so far this year as many boys said. I enjoyed it too. We also had some guests at the dance which were from town. We certainly appreciated their coming. John Appleman entertained us with the organ. But the best part of the dance was when Mrs. White did the best known and liked by all Institute students, "The Twist".

.....Steve Mann

Last Tuesday, December 31, we had a dance that started at 7:30 and ended at 12:15 January 1, 1964. When we first went to the dance the student council was passing out hats to everybody. We not only had hats, but we had Mr. Appleman play the organ for us. It sounded very nice and we all enjoyed it I am sure. Toward the end of the dance about fifteen minutes to 12:00 the student council passed out noise-makers to everyone at the dance and boy were they noise makers! We all enjoyed ourselves and I am sure you did too.

.....Gerald Gregory

The New Year's Dance last Tuesday was the first dance I really enjoyed very much.

Some of the people who were at the dance, besides the pupils from the Institute, were Mr. & Mrs. Sorensen, Mr. & Mrs. Lemley, Mr. & Mrs. Stokes and daughters with some friends. Mr. & Mrs.

NEW YEAR'S DANCE - cont.

Bashelier also came but they didn't dance much. In fact Mr. Bashelier did not dance once. The dance was really good. Oh yes, there was another visitor and he played the organ at that dance.

The gym was a great sight as it was decorated really pretty. There were balloons in the middle of the room, and when the party was almost over the balloons fell. Boy, we had fun then. That dance was also the longest dance we've had. It started at 7:30 and stopped at 12:15.

.....Olinka Nicolai

On December 31, 1963 almost all students 13 years old and older went to the dance in the gym.

Some of the teachers and other workers from the Institute also came. The matrons from both dorms came too. We danced until 9:30 P.M. and then we had refreshments. When we finished eating we danced more. Mr. Appleman played the organ for us and I am sure everyone enjoyed his playing.

Just before the New Year came, noise makers were passed out to all. At about the time the old year had passed, the balloons were let down from the ceiling. This happened at about 12:00 and at 12:15 A.M., the next year, we all returned to the dorms. I hope that you all had a Happy New Year.

.....Doris Oksoktaruk

On the 31st of last month we had a New Year's dance for thirteen years and older. It lasted until 12:15. We had refreshments along with it. There were a few guests from town out here for the dance too. It was fun especially when the clock struck twelve. There was a lot of noise made from the noise makers by the children. The next morning I don't think anyone wanted to get up to go to breakfast. At least I didn't!!!!

BASKETBALL GAMES

Starting the new year the Institute lost both games on Jan. 4th & 5th. Both games were lost by two points and the squads feel that they will win in the coming games.

The past holidays must have put the teams out of practice a little bit. The B squad fouled up because of their ball handling. The A squad played a very exciting game; their opponents played a very rough game though. Though our teams, both A and B squad, have lost three games, we have the majority of games won on our side.

On Sunday, Jan. 6th, two games were played in the gym. The first game was between the Malemutes and Hawks. The Malemutes won by one point. The score was 39-38. SCIENCE

In science class we are studying about energy. Energy is "Ability to do work." There are eight types of energy. Muscular energy, mechanical, electrical, radiant heat, sound, atomic and chemical energy; they all come from the sun. But why do they come from the sun? Well, they come from the sun in the form of radiant energy. The material it stores is a potential energy. Then the energy is put into use and is called Kinetic energy. On December 26th after school I went to Mrs. Churchill's office to buy stamps. On my way out I met Mrs. White and she asked me to go out into the arcade and see if I could find any two big boys and ask them to come in and carry a box to her office for her. I went out and looked around.....I did not see anyone out except Willie John, and John Camille, two little beginners. I laughed and went in to tell Mrs. White. She laughed too, and I asked to carry the box myself. It was half as big as myself and was light because it only had Christmas decorations in it.

LAUGHS - LAUGHS

One day after recess there was a puddle in the middle of the classroom floor. The teacher asked the class who did it and nobody would answer. Again the teacher asked if the guilty one would come up and clean it. Again nobody came up. So the teacher said to the class to close their eyes and asked if the guilty one would please come up and clean it.

When the teacher and the class closed their eyes, they heard taps of small feet going across the room. When they opened their eyes, they found another puddle beside the other one and written beside it was; "Well, struck again by the Phantom. (taken from Boys Life)

OFFICE NOTES

Mr. Watkins and family took a trip back home to Oklahoma for Christmas vacation. They visited relatives and had fun. They also had a white Christmas, while, here in Alaska, we did not have one. They were very fortunate.

The highlights of their trip was visiting with Mr. and Mrs. Morgan. Mrs. Morgan was once a girls advisor here at Wrangell Institute. She was known as Mrs. Martha Sanders.

They enjoyed seeing all the bright lights and decorations, but they would rather spend the rest of their Christmas in Alaska.

Mr. Sorensen left for Fairbanks, Sunday, January 12th. He is going there for an in-service training session. The training session will be centered around the summer workshop and adult education programs.

ATTENTION STUDENTS & STAFF! !

The School Store has just received a big shipment of sweat shirts with Wrangell Institute printed on them. The sweatshirts are navy blue and the lettering is gold. They are available in sizes small, medium, and large. Purchase may be made in the Guidance Office. Come and get them while they are hot!

The dormitories have been looking very neat and clean. The students have been doing a fine job and should keep up the good work. Students will be prouder of their home when it is clean. Clean dormitories illustrates interest, cooperation, and hard work.
